SECOM-D-248

8 December 1983

MEMORANDUM FOR: Mr. Richard K. Willard
Deputy Assistant Attorney General
Civil Division, Department of Justice

FROM:

Chairman

STAT

SUBJECT: Nondisclosure Agreement for Sensitive Compartmented
Information (SCI)

Pursuant to discussions on 6 December in the office of Mr. Kenneth deGraffenreid, attached is a draft memorandum to the National Foreign Intelligence Council, for signature of the Director of Central Intelligence, directing changes in the use of nondisclosure agreements for sensitive compartmented intelligence, necessitated by the Mathias Amendment. The draft is furnished for your review as agreed at the 6 December meeting.

NATIONAL FOREIGN INTELLIGENCE COUNCIL

WASHINGTON, D.C. 20505

NFIC/NFIB-9.1/67

30 August 1983

MEMORANDUM FOR NATIONAL FOREIGN INTELLIGENCE COUNCIL

SUBJECT: Nondisclosure Agreement for Sensitive Compartmented Information

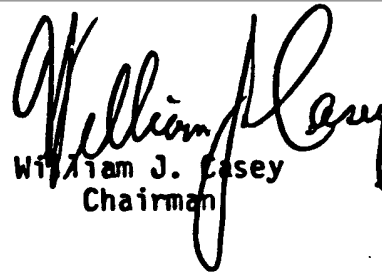

1. The attached nondisclosure agreement for access to Sensitive Compartmented Information (SCI) is hereby promulgated. The National Security Council has determined that this nondisclosure agreement is in full accordance with the provisions of NSDD-84. Execution of this agreement is a prerequisite for access to SCI. It contains the minimum acceptable standards for protecting the security of SCI. No other form of nondisclosure agreement or variant of this agreement may be used as a condition of access to SCI unless it has been submitted to the DCI for review, and his written approval obtained.

2. DCI security policy guidance will be revised to reflect promulgation of this agreement and to specify conditions of its use. These revisions will be incorporated in DCID 1/14, "Minimum Personnel Security Standards and Procedures Governing Eligibility for Access to Sensitive Compartmented Information," and in the DCI "Security Policy Manual for SCI Control Systems."

3. In administering the prepublication review clause of this agreement, departments and agencies should ensure that materials submitted for review which contain any information relating to SCI or to intelligence sources, methods, or activities is referred to the Intelligence Community agency or agencies with interests in the subject(s) treated in the materials. (The composition of the Intelligence Community is as defined in Executive Order 12333 (3.4(f)). If there is uncertainty about which Intelligence Community agency has an interest, the material shall be referred to the Director of Central Intelligence for review. Copies of this guidance will be sent to non-Intelligence Community agencies to alert them to their obligation to refer materials submitted to them for security review. Every effort should be made to avoid the inadvertent release of SCI or classified information by ensuring that reviewers are fully knowledgeable or are backed up by others who are. In view of the 30-day response required by the agreement, rapid interagency coordination of these reviews will be necessary. Individuals should be advised that it may facilitate and expedite review if material is submitted to the Agency with which they last signed an SCI nondisclosure agreement.

4. Departments and agencies needing large quantities of these forms are encouraged to reproduce them as needed.

5. Questions on this form and its use should be directed to the
Chairman, DCI Security Committee

William J. Casey
Chairman
